NOTE: In fairness to all participants 2012 Council Derby rules will be followed. For more details and rules please go to:

www.northernstarbsa.org/ActivitiesCivicService/Local/CouncilDerby.aspx.

VERY close attention will be paid to *wheels at inspection*. Lightened wheels are not allowed and easily identified; no material may be removed from inside the wheel. Tread surface must be flat (not rounded or pointed). Head ends of axles must be exposed for viewing, no hub caps. If your wheels or axles have been altered or reshaped **PLEASE** correct them before the derby. Only the official scale used the day of the event will be recognized. The weight of your car may vary from past events and could require adjustments. Cars will be impounded during check-in and will not be released until race has been completed and trophies presented. Lubricate your wheels prior to check-in; cars are impounded as soon as they meet the 5.0 ounce and under weight restriction. In an effort to save lots of time, the fine tuning of weight (adding weight to achieve the maximum) will not be allowed during check-in.

There will be trophies for the first **TEN** places of **EACH RACE DIVISION**. Each car will go down the track 6 times. The runs are against the clock, once down each lane of the track. The trophies will be awarded on the basis of the total time for the six runs.

If you have any further questions I can be reached via email at pwdracing@yahoo.com.

Good Luck, we hope to see you at the Mall!
